## TABLE OF CONTENTS

	<u>Page</u>
<b>Acknowledgements</b>	i-1
<b>Executive Summary</b>	ii-1
<b>PART I – INTRODUCTION</b>	<b>1-1</b>
1.1    Goleta Slough Ecological Reserve – 1987	1-1
1.2    Goleta Slough Management Committee – 1991	1-1
1.3    Goleta Slough Ecosystem Management Plan – 1997	1-2
1.4    Goleta Slough Marine Conservation Area – 2007	1-2
1.5    Existing Conditions and Monitoring Report – 2012	1-2
1.6    Sea Level Rise and Vulnerability Assessment – 2015	1-3
1.7    Other studies and plans in the Goleta Slough area	1-3
1.8    Goleta Slough Sea Level Rise and Management Plan – 2015	1-4
<b>PART 2 - BACKGROUND (THROUGH 2014)</b>	<b>2-1</b>
2.1    Location and Relationship to Surrounding Areas	2-1
2.2    Jurisdictional Boundaries and Ownership	2-10
2.3    Planning Framework	2-19
2.4    Existing Uses, Infrastructure and Development	2-25
2.5    Historical Development and Change Since 1860s	2-25
2.6    Resources Stewardship	2-47
2.7    Restoration Efforts since 1997	2-48
2.8    Tidal Restoration Demonstration Project	2-48
2.9    Physical Environment	2-56
2.10   Natural Resources	2-74

<b>PART 3 - LOOKING AHEAD (2015 AND BEYOND)</b>	<b>3-1</b>
3.1    Climate Change Projections	3-1
3.2    Sea Level Rise Adaptation Measures	3-25
3.3    Goleta Slough Inlet Management	3-37
<b>PART 4 - GOALS, POLICIES &amp; ACTIONS</b>	<b>4-1</b>
4.1    1997 GSEMP Goals, Policies and Actions	4-1
4.2    Status of 1997 Goals, Policies and Actions	4-1
4.3    Development of Updated Goals, Policies and Actions	4-10
4.4    Updated Goals, Polices and Actions – 2015	4-10
4.5    Priorities and implementation of the <i>Goleta Slough Area SLR and Management Plan</i>	4-20
4.6    Monitoring Protocols	4-25
4.7    Future Updates to the Plan	4-34
 <b>APPENDICES</b>	
A.    Parcel List (App. A from ECR)	
B.    Restoration projects completed (App. B in ECR)	
C.    Relevant Policies from Jurisdictions Located within the GSEMP Area (App. C in ECR)	
D.    Climate Change Projections	
E.    Habitat Vulnerability Summary Sheets	
F.    Infrastructure Vulnerability Summary Sheets	
G.    Goleta Slough Inlet Modeling Study	

---

## LIST OF FIGURES

- 2-1 General Location of GSEMP Area
- 2-2W Major Features and Subareas, West
- 2-2E Major Features and Subareas, East
- 2-3 Original GSEMP Area Boundary – 1997
- 2-4 Revised 2015 GSEMP Area Boundary
- 2-5 Jurisdictional Boundaries of the GSEMP Area
- 2-6E Land Use Designations, West
- 2-6W Land Use Designations, East
- 2-7 Coastal Commission Jurisdiction
- 2-8 Historic Maps
  - 2-8a – 1871/1873
  - 2-8b – 1903
  - 2-8c – 1938
  - 2-8d – 1943/1944
  - 2-8e – 1961
  - 2-8f – 1967
  - 2-8g – 1975
  - 2-8h – 1991
  - 2-8i – 2011
- 2-9W Restoration Project Locations, 1997-2011
- 2-9E Restoration Project Locations, 1997-2011
- 2-10 Restoration Projects by Type
- 2-11 Elevation Overview of Goleta Slough Area
- 2-12W Soils within the GSEMP Area – West
- 2-12E Soils within the GSEMP Area – East
- 2-13 Goleta Annual Rainfall
- 2-14 Watersheds
- 2-15 1928 Goleta Slough, Spence Collection UCLA
- 2-16 1969 Flooding around Santa Barbara Air Terminal

---

2-17	1995 Flooding of airfield
2-18	Bar Built Estuary Function
2-19	Environmentally Sensitive Habitat Areas
3-1	Existing Vegetation Map (URS 2008)
3-2	Habitat Bands by Inundation Frequency under Existing Conditions using SLAMM Model
3-3	Habitat Bands by Inundation Frequency in 2100 with 1 mm/year accretion rate using SLAMM Model
3-4	Habitat Bands by Inundation Frequency in 2100 with 5mm/year Accretion Rate using SLAMM model
3-5	2010 Coastal LiDAR Topography
3-6	Habitat Bands by Inundation Frequency under Existing Conditions and with Open Inlet Management
3-7	Habitat Bands by Inundation Frequency under SLR Scenario at 2050 with Open Inlet Management
3-8	Habitat Bands by Inundation Frequency under SLR Scenario at 2100 with Open Inlet Management
3-9	Example of Vulnerable Habitat Summary Sheet Included in Appendix E
3-10	Improve Hydraulic Connectivity
3-11	Topographic Adjustment Measures
3-12	Ocean and Slough water levels between November 2012 and April 2014
3-13	Photos comparing typical high tide water levels with peak water levels prior to March 1, 2014 breach
3-14	Inundation Frequency for Open Slough Mouth
3-15	Spatial Habitat Distribution for Open Slough Mouth
3-16	Inundation Frequency for Closed Slough Mouth
3-17	Spatial Habitat Distribution for Closed Slough Mouth
3-18	QCM Validation Time-Series

---

**LIST OF TABLES**

- 2-1 Major Legislation Relating to the Goleta Slough Ecosystem
- 2-2 Major Changes in Goleta Slough area – 1860s to 2011
- 2-3 Summary of Historical Sediment Volumes Removed – Creeks that enter into Goleta Slough, 1994/95 through 2011
- 2-4 Goleta Tides
- 3-1 Key Data Sources for Infrastructure Inventory
- 3-2 Critical Elevations used to Evaluate Sea Level Rise Impacts
- 3-3 Predicted Habitat Areas (from SLAMM Analysis)
- 3-4 Predicted Change in Habitat Areas Relative to 2013 (from SLAMM Analysis)
- 3-5 Wetland Habitat Inundation Frequency
- 3-6 Comparison of Adaptation Measures for Tidal Wetlands and Prerequisites for Implementation of Individual Measures
- 4-1 Status of GSEMP Policies and Actions, 1997 v. 2014
- 4-2 Summary of Maintenance and Monitoring Requirements – Select Projects and Programs in Goleta Slough Ecosystem Area
- 4-3 Appendix G – Goleta Slough Inlet Modeling Study
